SIA Names Express Employment Professionals the Fourth-Largest U.S. Staffing Firm

OKLAHOMA CITY, Dec. 2, 2021 — Express Employment Professionals' record 2021 sales have landed it in the top five largest U.S. staffing companies, according to a recent report from Staffing Industry Analysts (SIA).

The list of largest U.S. staffing enterprises was released earlier this week with Express coming in at No. 4 for revenues of \$3.161 billion in 2020 and a market share of 2.3%. This follows Express' first-ever \$1 billion quarter for the third quarter of 2021, and sales continue to climb.

"While 2020 was a challenging year for most businesses, our franchise owners persevered and continue to smash company goals left and right," Express CEO Bill Stoller said. "I'm so proud of their contributions to local industries and the overall effect that has on the U.S. economy. They truly are invested in their communities' success."

SIA reports "a record 186 staffing firms generated \$100 million or more in US staffing revenue in 2020. The previous report found 175 firms that generated \$100 million or more in U.S. staffing revenue in 2019."

"Express is very excited to continue this success into the new year and beyond to save businesses valuable time by vetting top talent in this competitive labor market," Stoller said. "We continue to strive toward our goal of putting a million people to work annually."
